

Simple and brilliant!

AquaCat  
**SMART EASY**

The cleaner with that something special...

AquaCat  
**SMART RC**

# AquaCat SMART EASY & AquaCat SMART RC

## Your advantages at a glance:

- Improved water quality
- Clean floor and wall surfaces
- Considerable savings in time
- Considerably reduced labour
- Greater convenience, easy operation
- Undisturbed privacy
- Additional filtration of the water
- Improved recirculation of pool water
- Reduction of load on filter system
- A SMART is almost maintenance-free.
- Including caddy for transport
- Technical advice and service from your specialist dealer
- Technology from the market leader
- 2 year guarantee

The AquaCat SMART EASY and SMART RC cleaners provide a fully automatic and thorough cleaning of all pool shapes and surfaces up to 100 m<sup>2</sup>. After completion of a cleaning job, the AquaCat SMART shuts down by itself.

The EFS Easy Filter Service is a special highlight of the AquaCat SMART. The reusable filter cartridges can be removed from the top with one hand, allowing an easy emptying and cleaning of the filters.

The AquaCat SMART EASY is the ideal device for those who attach importance to floor and wall cleaning combined with an easy handling.

The AquaCat SMART RC offers those certain features that make the difference: remote control allowing access to any area that needs cleaning, electronic Swivel system (anti-twist protection for the cable), or the timer function (time switch), which ensures an automatic start of a cleaning cycle after 48 / 72 or 96 hours.

As a matter of course, the AquaCat SMART RC cleans floor and walls thoroughly and fully automatic within 90 or 120 minutes, as desired.

The technology of the SMART is also protected when out of the water - the integrated motor protection shuts the SMART off automatically after one minute.

You can use the transport caddy, which comes with your cleaner, to conveniently bring the AquaCat SMART to the place of use.

Radio remote control

Display when filter bag is full

Timer function (time switch)

Electronic Swivel system (anti-twist protection for the cable)

Extra benefits offered by a AQUACAT SMART RC

The Easy Filter Service makes emptying and cleaning of the filter fast and easy

Convenient: AquaControl box and radio remote control
